

# CCL | Cable clamps / cable clips

for C section rails C30

The cable clamps are characterised by a high clamping range and great flexibility. Ideally suited for strain relief on the C section rail with opening dimensions 16 - 17 mm. It offers flexible clamping ranges from 6 mm to 64 mm. The counter tray is secured by a locking mechanism and cannot slip out of the cable clamp.

**Also available:** sets consisting of [EMC shield clamp LFC](#) and matching [CCL cable clip](#).

## Specifications

|                       |                                                                  |
|-----------------------|------------------------------------------------------------------|
| Material              | Mild steel, galvanically zinc plated<br>Counter trays: Polyamide |
| Operating temperature | -40 C° to 120 C°                                                 |
| Properties            | vibration proof, halogen free, silicone free                     |
| Mounting options      | Clamping                                                         |

## Advantages & benefits

- Quick and easy assembly
- For mounting on all common C30 rails with 16 - 17 mm opening dimensions
